1. Welcome Messages

1.1. FISU Acting President

Dear friends,

On behalf of everyone at the International University Sports Federation (FISU), I am delighted to welcome you to Chengdu, for the Chengdu 2021 FISU World University Games. Please accept my best wishes for a safe and successful experience and my gratitude for your own contribution to that safety and success. It is without doubt that the challenges faced by the Organising Committee of Chengdu 2021 have been without precedent.

It is also without doubt that as the world comes to terms with a new reality, much greater emphasis is being placed on public health and alternative ways of maintaining international participation.

As a result, the need for university sport for millions of university students around the world has never been greater, as restrictions due to the pandemic continue to limit access to sport activities. With it, so is

the need for FISU's vision of positively shaping tomorrow's members of our global community through their experiences of international university sport.

This is why my colleagues and I are pleased to see that despite the challenging circumstances, Chengdu OC has continued to move effectively towards delivering an exceptional FISU World University Games that places athlete welfare at its core.

This handbook represents a significant part of this progress. It has been created to provide you with comprehensive information regarding various functional areas, which will help you contribute to the success of the FISU World University Games.

We are deeply grateful to Organising Committee of Chengdu 2021 and the supporting public authorities for their continued commitment to delivering on the great promise of an exceptional university sport experience, and for enabling the dreams of thousands to come true.

FISU remains by your side to help you with every step along the way.

GOU Zhongwen

Minister of the General Administration of Sport of China
President of the Organising Committee of Chengdu 2021 FISU World
University Games

Dear friends,

As we heartily awaiting the Chengdu 2021 FISU World University Games, on behalf of the Sichuan Provincial People's Government and the hospitable people of Sichuan, I would like to extend a warm welcome to all our guests from around the world.

In China, Sichuan Province is well-known for its economic strength, large number of population, competitive science and educational resources, and abundant natural resources, and has been reputed as the 'Land of Abundance' since ancient times. The province is home to many natural wonders: 'the King of Mountains in Sichuan'—Mount Gongga, the fairytale-like national park Jiuzhaigou Valley, the poetic and picturesque Ruoergai Prairie, and 'the last Shangri-La'—Yading Nature Reserve. The province is also a treasure house of biodiversity. It is home to the giant panda and many other rare animals and plants, including the dove-tree and the Cycad tree, a living gymnosperm. Our diligent and wise ancestors, people of the ancient Ba and Shu states, created stunning civilisations represented by the Sanxingdui Ruins and the Jinsha Site, as well as rich cultures like the Three Kingdoms and the Tibetan, Qiang and Yi cultures. The provincial capital, Chengdu, is a park city with snow-capped mountain view, which has topped the list of China's Happiest Cities for 13 consecutive years. Just as many say, it is 'A city you will never want to leave once you come, and even if you have to leave you'd still wish to return'. Nowadays, benefited from major national strategies like the Belt and Road Initiative, the Yangtze River Economic Belt, the ecological

protection and high-quality development of the Yellow River basin, and the rapid development of the Chengdu-Chongqing Economic Circle, Sichuan is becoming increasingly open and attractive.

In December 2018, when we won the bid to host the Chengdu 2021 FISU World University Games, we made a promise to young university students all over the world. It has been three years since then, and under the strong leadership of President Xi Jinping and the Chinese government, we have made elaborate preparations for a streamlined, safe and splendid FISU World University Games. We are confident that it will live up to the international standards, exhibit the Chinese characteristics and the Sichuan features, and showcase the charm of the world's youth. We are looking forward to receiving friends from around the globe. Let's fight for glory, chase the dreams, make new friends, and write a new chapter for the FISU World University Games.

HUANG Qiang

Governor of Sichuan Provincial People's Government
Executive President of the Organising Committee of Chengdu 2021 FISU
World University Games

Dear friends,

In June 2022, the Chengdu 2021 FISU World University Games will be held in Chengdu. The event is made possible by our achievements in this glorious era and will gather young people from various parts of the world. On behalf of the Federation of University Sports of China, I would like to extend a warm welcome to all delegations, as well as heartfelt thanks to the International University Sports Federation (FISU) and everyone who has supported Chengdu in its efforts to host the Games.

Under the auspices of FISU and the Organising Committee, Chengdu is making smooth progress in its preparations for the Games, and it is taking on a new look to welcome university athletes and guests from around the globe.

In June 2022, the flame of the FISU World University Games will be lit at the Chengdu Dong'an Lake & World University Games Park, where we will once again extend a warm welcome to all the athletes that will be competing in Chengdu. As you uphold the spirit of sportsmanship and tenacity and fulfil your aspirations during the Games, you will be engaging in heart-to-heart communication with different cultures, experiencing the charming diversity of civilisations and manifesting the power of youth to help create mankind's future.

We are convinced that the Chengdu 2021 FISU World University Games will promote sports among young people in China and the world at large. Friendship among countries will be strengthened, thus boosting global development.

May the Chengdu 2021 FISU World University Games be a huge success.

HAO Ping

President of Peking University
President of the Federation of University Sports of China
Vice President of the Organising Committee of Chengdu 2021 FISU World University Games

Dear friends,

The Chengdu 2021 FISU World University Games will take place from 26 June to 7 July 2022 in Chengdu. On behalf of Chengdu Municipal People's Government and more than 20 million Chengdu citizens, I would like to extend a warm welcome to the young athletes, officials, media friends and guests from all over the world, and I would like to express my gratitude to everyone who has supported us in preparing for the Games.

Since ancient times, Chengdu has been renowned as 'the Land of Abundance'. This is a city with a profound civilisation of more than 4,500 years and an urban history of over 2,300 years. Featuring both natural beauty and cultural profundity, it is home to the giant panda, China's national treasure, and it is one of the first National Famous Historical and Cultural Cities. Chengdu boasts a pleasant climate, intoxicating scenery, and prosperity. Its natural and cultural endowments have given rise to an athletic lifestyle and have imprinted sports into the city's character. In recent years, the city has improved its sports facilities and gained considerable experience in organising events. It is now well positioned to host large, multi-sport events.

The Chengdu 2021 FISU World University Games will bring fresh vitality and a sense of honour to this park city at the foot of snowy mountains. As we are in full gear preparing for the Games, we also care how Chengdu, its people and its various sectors can benefit as a result. With our world-class facilities, thorough organisation and considerate services, we will present global spectators and all

participants from around the world a streamlined, safe and splendid sport event and write a wonderful chapter in the history of the FISU World University Games.

4. General Information

4.1. Country and City

4.1.1. China

The People's Republic of China (hereinafter referred to as "China"), founded on October 1, 1949, is located in the east of Asia and on the western shore of the Pacific Ocean, covering a land area of about 9.6 million km², with over 18,000 km coastlines in the east and south, and approximately 4.7 million km² of inland and marginal sea. It has 7,600 islands in varying sizes. China borders 14 countries and shares maritime borders with 8 countries. At provincial level, there are 23 provinces, 5 autonomous regions, 4 municipalities directly under the Central Government, and 2 special administrative regions. The capital city is Beijing.

China is a country with large population. Though there have always been many ethnic groups, China is famous for the harmonious coexistence. China respects and protects the freedom of religious

belief. The prevalent religions practised in China include Buddhism, Taoism, Islam, Catholicism and Christianity.

Since the founding of the People's Republic of China, the peace-loving Chinese people have been dedicated to economic and social development. Over the years, as the country becomes increasingly prosperous, people's livelihoods have been improved. Sports have seen an extensive development as well. Nationwide fitness programmes are flourishing and historical breakthroughs have been made in competitive sports. There are nearly 4 million sports venues, with a per-capita floor area of more than 2.20 m². Chinese mainland has successfully hosted many international multi-sport games, including Beijing 2001 Summer Universiade, Beijing 2008 Olympic Games, Shenzhen 2011 Summer Universiade and 2022 Olympic and Paralympic Winter Games.

China always safeguards world peace, contributes to global development, upholds international order, and stays committed to pushing forward the building of a community with a shared future for mankind. The Chinese are willing to work with people from all other countries and regions to make greater contributions to world peace and development.

4.1.2. Sichuan

Sichuan, 'Chuan' or 'Shu' for short, is a province hailed as the 'Land of Abundance' in Southwest China and sits on the upper reaches of the Yangtze River. It covers an area of 486,000 km² and has a permanent

resident population of more than 80 million. The province features diverse topography, with plateaus and mountains in the west, mostly above 4,000 m above sea level, and basins and hills in the east, mostly between 1,000 m and 3,000 m above sea level.

Boasting a long history, Sichuan is the cradle of ancient Shu civilisation, and the place where ‘Jiaozi’—the earliest banknote in the world—was born. Sichuan Brocade and Sichuan Shadow Play have been included in UNESCO’s list of intangible cultural heritage. Particularly the sites of the Sanxingdui Ruins and the Jinsha Ruins epitomise the resplendent and mysterious civilisation of ancient Sichuan. The province also abounds in natural resources, hosting a number of UNESCO World Natural Heritage sites including Jiuzhaigou Valley and Huanglong Scenic and Historic Interest Areas and Sichuan Giant Panda Sanctuaries, the World Cultural Heritage sites Mount Qingcheng and the Dujiangyan Irrigation System, and the World Cultural and Natural Heritage sites Mount Emei Scenic Area and Leshan Giant Buddha Scenic Area. Sichuan manifests strong scientific and educational strength. It is home to 25,000 schools of all types at all levels and is one of China’s important power equipment manufacturing bases and electronic information industry bases, attracting 377 Fortune 500 enterprises setting up their offices here. As a transportation hub in Southwest China, Sichuan has seen the official operation of Chengdu Tianfu International Airport, which joins the existing Chengdu Shuangliu International Airport to make its capital Chengdu a city with two airports. The total operating mileage

of railways and expressways in Sichuan has reached 5,687 km and 8,608 km, respectively, and the number of international freight train trips has hit 4,358. These represent the continuous improvement of the province's opening-up and cooperation with the outside world.

4.1.3. Chengdu

Chengdu, also referred to as Rong (meaning the hibiscus flower), is the hometown of giant pandas and enjoys over 4,500 years of civilisation history and more than 2,300 years of history as a city. The city inherited the splendid Bashu culture and developed a unique and fashionable charm of its own, manifesting a perfect mixture of history, culture and modernity. Being the capital of Sichuan Province and a National Central City, Chengdu covers an area of 14,300 km² and has a permanent population of over 20 million, which has turned it into a mega city known to the world. It is also an important centre of economy, science and technology, finance, cultural creativity, and international exchanges in China, and an international hub for comprehensive transportation and communications.

Today's Chengdu values opening up with global vision. More than 20 countries have been approved to establish consulates in Chengdu. And the city has established sister-city and friendship city relations with more than 100 cities around the world, and trade relations with 228 countries or regions worldwide. Chengdu is the third city having two international airports on the Chinese mainland, following Shanghai and Beijing, and the 19th city with two 4F airports in the world. It has

opened 132 international/regional passenger and freight flight routes and has international freight trains reaching 63 cities around the globe. In addition, it runs the largest number of journeys made by the China-Europe Railway Express trains for four consecutive years.

Chengdu has been awarded as the City of Gastronomy by UNESCO for its world-renowned Sichuan cuisine, great variety of delicious street food, and tasty spicy hotpot. It is also one China's Best Tourist City selected by UNWTO. In 2021 alone, the city received over 200 million visitors. Tianfu culture, the bedrock of Chengdu's city culture, has been nourishing the people and the city with the spirits of valuing innovation, creativity, elegance, fashion, optimism, inclusiveness, friendship and public welfare. Chengdu has won the bids to host the 2022 World Team Table Tennis Championships, the 2023 AFC Asian Cup, the 2024 Thomas & Uber Cups, the 2025 World Games, among other large international events. Culture and sports have become the two focal points as Chengdu is going global in a more open and confident manner.

- Men: One team composed of a minimum of three athletes and a maximum of five and up to two reserves.
- Women: One team composed of a minimum of three athletes and a maximum of five and up to two reserves.

A total of seven athletes can be entered into the team competition. Teams must be composed of the athletes who are also participating in the individual categories. On the day of the team competition, the athletes may compete in their own weight category or in the category just above.

It is compulsory that all athletes listed for the match compete until

the team reaches the winning result. If an athlete refuses to compete, the team will be disqualified. According to IJF regulations, if one team does not arrive for a match, the other team shall wait for a match time after which it will be declared the winner if the team has still not arrived. The first team reaching the majority of wins is declared the winner. The remaining contests will not be fought.

If there are an equal number of wins at the end of the match, a draw is done from all categories regardless if the team has a player or not (if both teams do not have a player in the same category, this category will be not included in draw). The athletes in the drawn category will refight a golden score contest. The draw is done by computer and displayed on the athlete and public scoreboards.

At the first General Technical Meeting, the HoD or his/her representative shall confirm and sign the official list of athletes for individual and team competition. Any entry not duly confirmed at the first General Technical Meeting, will not be taken into consideration except for force majeure.

In Judo, there is no possibility of appeal to the decision of the referees and judges. All actions and decisions taken in accordance with the 'majority of three' rule by the Referee and Judges shall be final. In no case the athletes or their representatives can consult the referees or the Referee Commission. The athletes or their representatives cannot appeal to the decisions and any attempt to approach the OC on this subject might provoke the exclusion from the Judo events.

All points that are not covered in these regulations can be found in the

regularly updated IJF Sport and Organisation Rules (SOR).

6.2.3. Advanced payment

At least two months before the opening ceremony of the Chengdu 2021 FISU Games (i.e., prior to 26 April 2022), all delegations must confirm their participation with an advanced payment of 50% of the participation fee per entered athlete and official (calculation made based on the Quantitative Entries numbers and eleven days of stay). To reduce the epidemic prevention and control risks arising from cross-contact of delegations paying the participation fee on site, it is strongly recommended that all participating delegations pay the remaining dues for the participation fees to the Executive Committee of Chengdu 2021 FISU Games ten days before the Opening Ceremony (i.e., prior to 16 June 2022). However, they may also pay such remaining dues upon their arrival at the FISU Games Village.

Should an athlete compete, his/her advanced payment shall be credited to the remainder of the participation fees to be paid to the Executive Committee of Chengdu 2021 FISU Games.

6.2.4. Weigh-in

The official weigh-in for each category will take place in the FISU World University Games Village at 20:00 the day before the competition in each category. All athletes must be at or under their allowable weight. After the official weigh-in for individual competition, all athletes must be within five percent of their allowable

weight. There will be random weight checks before each event. For team competition, no official weigh-in is required. However, on the team competition day, there will be random weight checks and any team athlete weighed must be within two kilograms of their maximum weight.

Weigh-in must be in strict conformity with IJF regulations and under the supervision of IJF Technical Delegate.

6.2.5. Seeding

The position in individual and team competitions will be determined according to their FISU/IJF ranking. The position at the previous FISU World University Games shall precede over that at IJF. No athletes or teams will be seeded if there is no ranking.

6.2.6. Draw

Two delegates and technical officials per delegation may attend the General Technical Meeting and conduct public draw for individual events at 15:00 of 28 June 2022. The lists of athletes shall be confirmed and signed at the meeting by coaches or HoD or his/her representative. The athlete lists for individual events can be changed before the technical meeting (only changes to athletes are allowed). Changes to the events shall be accompanied by an explanation and finished before the technical meeting. The Technical Delegates shall position the seeded athletes/teams as separate as possible. The top four athletes/teams will be seeded, while the positions of other athletes/

teams will be drawn by computer. Once the draw by weight category has been made and the results released at the General Technical Meeting, the order can not be changed, nor the names of participants be added.

The delegations may get two copies of draw result and receive competition information at the Sport Information Centre (SIC) at FISU World University Games Village.

The lists of delegations and athletes for team events shall be submitted to FISU TCC Office at the competition venue before 15:00 of 1 July 2022, when public draw will be done at the meeting room of the competition venue. On the competition day, the participating delegations may replace ranked athletes for competition in accordance with the rules. Changes to lists of participants shall be confirmed and signed by coaches or HoD, and submitted to the FISU TCC Office at the competition venue 30 minutes before each round of competition.

6.3. Competition Format

The Judo competition uses a quarter-final (last 8) repechage elimination bracket system. A 'Round Robin' system will be used for the competition if there are up to five athletes/teams. If a tie exists after four minutes, the athletes in the drawn category will refight a golden score contest, which has no time limit. The first scoring or the third penalty will decide the winner.

After the team events, the team reaching the majority of wins is

declared the winner. If there are an equal number of wins at the end of the match, a draw is done from all categories, and the athletes in the drawn category will refight a golden score contest.

6.3.1. Athlete bibs and sewing services

24 June to 2 July 2022, all participating countries/regions shall have their athlete bibs sewn at the FISU World University Games Village Sewing Service Centre. Jianyang Cultural and Sports Centre Gymnasium only offers temporary services for judogi sewing during the Games.
